Terry,

This version has some modifications requested by Thomas Burke as well as the edits provided by Janine.

Thanks, Jon

Jon.

The file you sent at 12:29 pm at the bottom of this email string did not get attached. Does the file include the language that Janine had sent to you earlier in the day, or have there been further revisions??

Terry

Sorry for the lack of a salutation. This is an improved revision of the statement from our risk assessor that builds on the Colorado statement. Since so much toil went into CO, we thought this would be a better approach.

We realize this may be moot now but there will be messages on the next round of data.
